CALL FOR PAPERS

The ICSS 2017 : 19th International Conference on Systems Sciences is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Systems Sciences. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Industrial and Systems Engineering	Security
Adaptive intelligent systems	Manufacturing and Production Systems
Aerospace Systems and Structures technology	Microelectronics and Nanotechnology
Bioinformatics and Biomedical Applications	Mechanical Systems Engineering and Technology
Bio-inspired systems and Robotic Systems	Safety Reliability and Quality Assurance
Communications Systems and Transportation	Security Engineering and Technology
Computer and Information Systems	Systems Modeling, Simulation and Control
Defense systems and Applications	Technology Management and Assessment
Image Processing and Pattern Recognition	Ultra-Large-Scale Systems
Internet and Cyberspace
