CALL FOR PAPERS

The ICBIE 2022 : 24th International Conference on Business and Industrial Engineering is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Business and Industrial Engineering. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

Business and Industrial Engineering
Industrial Engineering and Applications
Artificial Intelligence and its applications in industrial engineering
Customer service systems design and management
Cleaner and sustainable production systems and services
Project management
Data warehousing and data mining
Decision analysis and decision support systems
E-Services and Technologies

for distributed manufacturing
Facilities design, planning, and layout
Heuristics and meta-heuristics for advanced manufacturing
Human factors and ergonomics
Human-computer interaction and cognitive engineering
Information systems and management
Health care systems
Service sciences management and engineering
Industrial engineering and systems management
Innovation management and entrepreneurship
Intelligent control, holonic
